

### **INTERIOR PROTECTOR**

Restores color and shine to discoloured elements.

Protects against UV rays and prevents cracking.

Ideal for the dashboard, vinyl, plastic and leather surfaces, trim and the inside door panels.

Dries quickly and does not leave sticky or greasy residue.

Gives a fresh smell.

Silverwax Interior Protector restores colour and sheen of faded or discoloured components. Ideal for instrument panels, vinyl, plastic, mouldings, tires, interior doors, bumpers and leather components. Protects against UV rays, prevents cracks caused by dried-out surfaces and leaves a fresh scent inside vehicles. Quick drying action. Leaves no oily or sticky residue.
